Additional Notes:

This apartment is in the perfect place if you like to hang out in LES or the East Village. Everything is walkable, but the actual street is pretty quiet with two parks, and the area still has a strong sense of community and a neighborhood vibe. I walk to the West Village pretty frequently from here. The place is "garden level," which means that it is halfway below street level. Unlike a true basement, it has full size windows in the bedrooms and the kitchen. We have a separate entrance from the rest of the building, except for the one other apartment on our level, and it goes directly out to the large deck. I like to have BBQs out there when the weather is nice. Female roommate preferred.
